

Camelot Academy Student Driver/Rider Contract*

* Applicable for Student Drivers and students who will ride in a vehicle with other student drivers.

In return for the opportunity and privilege of driving to and from Camelot Academy or being transported by a student driver, we the undersigned agree to, know, and abide by the following rules:

1. The privilege of driving a motor vehicle to or from Camelot Academy can be suspended or revoked by a faculty member, administrator, or the Director.
2. Motor vehicles should always be parked in the spaces designated on the north side of the parking lot away from the school building. There will be no parking on the street unless our campus lot is full.
3. Consistent tardiness or absence without a parent's notification to the office is grounds for the suspension of this privilege.
4. No student will enter or use any motor vehicle at any time, other than arrival and dismissal, without the expressed permission of a faculty member. All vehicles should have the windows rolled up and doors locked during the school day.
5. No one will be permitted to loiter in the school parking lot at any time.
6. All Camelot rules are applicable to the parking lot and all vehicles on the campus or parked on nearby streets.
7. No student, other than the driver, may be transported to or from school at any time without prior written permission from the parents of the driver as well as the parents of any and all passengers.
8. All drivers will proceed on school property and surrounding side streets with caution and courtesy.
9. Car stereos will be played at a reasonable volume while on school grounds. Car horns shall not be sounded.
10. All drivers will observe and obey the one-way traffic pattern of the school lot.
11. No student may drive another student's car to or from campus without written permission from both of the students' parents/guardians.

We have read and understand the terms of this contract and further agree to any additional parking lot rules as they may be amended in the School Handbook. We understand that Camelot Academy is not responsible for any damage to or theft from any vehicle parked on campus or on nearby streets.
