- We encourage parents to check what their child's assignments are each day.

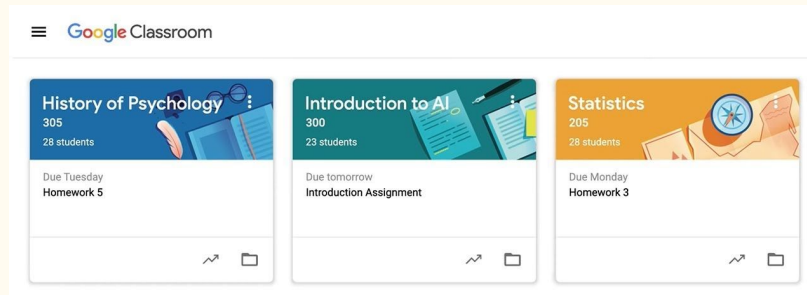

## Google Classroom

- All courses will build a class space on Google Classroom and assist students to join during the first week of classes.
- The role of Google Classroom will vary by course and instructor.
- It will connect students online if they are attending virtually.
- Please let us know if you have additional questions about how to navigate our Google Classroom spaces.

# Virtual Attendance & Absence

- Virtual attendance
  - only in cases of medically-documented illness for multiple days
  - approved by the Director
  - allow 24 hours to make arrangements
  - combination of Google Classroom, Zoom and email
  - begin each day with a Zoom check-in at 8:15AM with Mr. Thomas
- Students should not attend virtually or complete school work if they are too ill. Communicate with us so we know how to proceed in their best interest.
- Other reasons for absence, such as travel, wellness, etc. will not be approved for virtual attendance.
- In the case of an absence, it is the student's responsibility to email teachers to request missed work. Students have two days after the absence to complete any assignments.
